

# Clean Neighbourhood Movement

A silent movement towards a healthy Nation

An initiative by **ENVIRON**

To achieve the real meaning of

## Swachh Bharat

If the present scenario continues, after 10 years, most of our Children will be surrounded by the heaps of garbage and diseases and our neighbourhood will be full of unhygienic environment along with the acute water logging and flash flood problems.

### Save My Future!

## **Only a House to House Cleanliness Drive & Collective Impact of Our Individual Role Can Secure Our Children's Future & Neighbourhood**

**ENVIRON** has developed and promoted some simplified ways of SOLID and LIQUID WASTE MANAGEMENT practices for both at household level and community level

Considering the necessity **ENVIRON** has launched  
“**Clean Neighbourhood Movement**” to achieve the real meaning of  
“**Swachh Bharat**” on 13<sup>th</sup> January, 2015

### **ENVIRON's appeal:**

- Segregate biodegradable and non-biodegradable solid waste at source.
- Do not insert biodegradable solid waste inside the plastic carry bag.
- Do not wrap biodegradable solid waste through the plastic.
- Never mix non-biodegradable solid waste with the biodegradable solid waste.
- Please avoid use and throw practice.
- Please avoid burning of solid waste to prevent release of carcinogenic gases.
- Solid waste is a natural resource, we should not waste it.
- We should utilize our resources towards our economic improvement.
